The Will County Toys for Tots program works with non-profit organizations that meet our requirements and agree to directly distribute toys to families. The information you provided above will be used to assist in getting you registered with an organization that we provide services to.

- At the time of pick up, you will be asked to bring:
 - Picture ID (as proof of identity).
 - Birth certificate or immunization records for **EACH** child.
 - Utility bill, paystub or piece of mail that shows your current address (as proof of residency in Will County).
 - Government assistance paperwork per your listing above (as proof of eligibility).
- Once your request is approved, you will be contacted by either Toys for Tots Coordinator or an organization that we found to assist you. The purpose is to coordinate a date, time and location for toy pickup.
- We can only guarantee **ONE** toy per child and no toy request will be filled if received after **December 1, 2018**.
- Toys for Tots can only provide you with **TOYS**. We do not offer assistance with clothing, shoes, food, etc. We recommend you contact a pantry, church or the organization you are referred to as to where you can get help with those items.
- Toys should be requested from only **ONE** and not multiple Toys for Tots distribution centers.
- Understand that orders can only be filled with toy inventory available at the time the order is approved.
- You must further agree that toys donated by Toys for Tots will not be auctioned, sold, turned over for monetary donations or taken out of state for distribution.
